Project Design Phase

Problem – Solution Fit Template

Date	12 February 2026
Project id	LTVIP2026TMIDS36483
Project name	Plugging into the Future: An Exploration of Electricity Consumption Patterns Usin
Minimum marks	**2 marks**

Problem – Solution Fit :

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem.

It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and recognize what would work and why.

Purpose:

- Solve complex problems in a way that fits the state of your customers.
- Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- Sharpen your communication and marketing strategy with the right triggers and messaging.
- Increase touch-points with your company by finding the right problem-behavior fit and
- building trust by solving frequent annoyances, or urgent or costly problems.
- Understand the existing situation in order to improve it for your target roup.
